

Plasmina®: Stronger Seeds. Better Yields.

Cold Plasma Seed Enhancement - Immediate Results.

Chemical-Free • Non-Thermal • No Genetic Modification

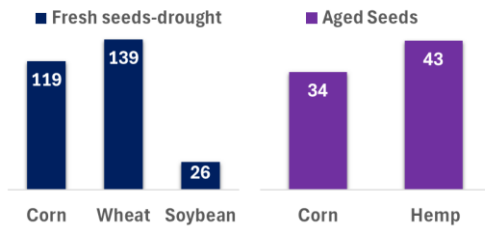

3rd Party Technology Validation Completed

Centre for Natural Products

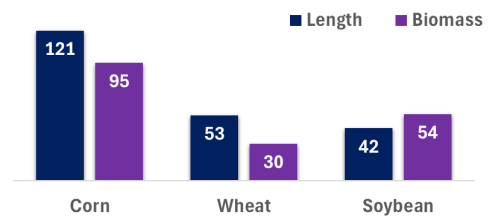

LOYALIST COLLEGE Applied Research & Innovation Office

Proven Performance Across Crops & Conditions

Germination Rate Increase (%)

Plant Growth Increase (%)

KEY BENEFITS: Surface-Level Activation

-  **+20–140% Germination & Vigor**
-  **Improved Drought Resilience**
-  **Extended Shelf Life**
-  **Pathogen Reduction**

Increase Performance • Recover Inventory • Immediate ROI.

Smart • Scalable • Easy to Use
